DOUGLAS COUNTY FAIR 4-H EXHIBITORS GENERAL RULES AND REGULATIONS

Let it be understood that the act of entering an exhibit or contest at this Fair is asking the Fair Management and 4-H Staff to secure a qualified judge to place a judgment on the exhibit or performance. It is therefore courteous to gracefully accept the decision of the judge, realizing that it may be in conflict with your set of standards. Every reasonable effort will be made to secure highly qualified and conscientious judges. If you feel you are not willing to accept this judgment, please write (exhibit only) on your entry. **The decision of the judge is final.** Any concerns should be directed to the superintendent of the division, the 4-H Extension Agent or 4-H Extension Staff.

Exhibit Judging and Ribbons

1. A "Merit" Method of judging is used for all exhibits and contests exhibited by 4-H Youth. Judges will divide exhibits into Blue, Red and White award groups according to quality. They may rank the top 2+ as needed for returns and championship designation. There is no magic formula for the number of blue, red or white ribbons to be given. Quality is measured against product standards and fulfillment of exhibit requirements, which determines rankings.

BLUE – an exhibit meets or exceeds product standards and meets exhibit requirements; overall, the work is of high or excellent quality.

RED – an exhibit meets minimum product standards and exhibit requirements; overall, the work is of good to average quality.

WHITE – an exhibit that meets the requirements of the class but shows need for considerable improvement.

RESERVE CHAMPION – a superior exhibit that exceeds the top established stands. The reserve champion exhibit is determined from the remaining blue ribbon exhibits, after the champion has been decided. The second top exhibit in the division will be designated the reserve champion ranking.

CHAMPION – an outstanding exhibit that far exceeds the top established standards. The champion exhibit is determined from all of the blue ribbon exhibits in each division. The projects are then compared and the top exhibit receives the champion ranking (top exhibit in division).

RESERVE GRAND CHAMPION – the reserve grand champion is chosen from the remaining champions, plus the reserve champion of the division from which the grand champion came, these are then compared for the second best overall, which is awarded the reserve grand champion.

GRAND CHAMPION – the highest honor given to an exhibit at the Fair. It indicates that the project displayed is outstanding and the members showed a superior command of knowledge in the project area. The grand champion is chosen from all of the champion exhibits in the division.

GREEN – if an exhibit does not meet the requirements of the class, the exhibit will receive a green ribbon for display only as an indicator of participation only.

RAINBOW – rainbow exhibitor ribbons are presented to Cloverbud exhibitors as their entries are for exhibition only. An exhibit can be awarded only one blue, red, or white ribbon.

2. An exhibit can be awarded only one blue, red, or white ribbon.
3. A champion and reserve champion will be selected only when the judge deems there are entries of champion quality.
4. All champions and reserve champions must have won a blue award and be of championship quality as determined by the judge.
5. If more than 10 are entered in any showmanship class, the class may be divided into two or more sections for judging, at the discretion of the show committee.
6. All 4-H judges are approved by the State 4-H Department, and the judges' decisions are final.

7. Premiums will be paid according to a point system. The number of points awarded in all 4-H divisions will be totaled and divided into 4-H premium money available in order to determine the value of each point. Premium Points:

17. All exhibits not desired for the Oregon State Fair and those of a perishable nature must be picked up by owner

on Sunday at the close of the County Fair between 9:00 AM and 12:00 noon. Past this time you will need to make arrangements to meet an Extension staff member at the Fairgrounds to pick up items. All items not picked up with 10 days of the close of County Fair will be donated to a charity for repurposing.

18. Exhibitors must be enrolled in 4-H during the current 4-H year. Age classifications (as of Sept. 1st):
 - a. **Cloverbuds:** 5 to 8 years old
 - b. **Junior:** 9 to 11 years old
 - c. **Intermediate:** 12 to 14 years old
 - d. **Senior:** 15 to 19 years old
19. **(Age as of Sept. 1st of the current 4-H year.)** A Novice is any youth exhibitor age 9 to 11 years old who has not shown any animal species at Fair (includes Lamb Show).
20. Home Economics, Expressive Arts, Natural Science, Engineering, and Plant Science exhibits will be judged by the interview method. It is recommended but not required that all exhibitors accompany their exhibits for judging. Interview judging of 4-H projects is a process that greatly enhances the 4-H evaluation experience. The process involves a caring judge interviewing the 4-H member about his or her 4-H project. Interview judging gives 4-H members a sense of personal involvement and helps make project work more educational.
21. Limited camper space will be available to 4-H Clubs. Space will be allocated based on distance traveled to Fair through a pre-registration process designed by the County Extension Office. Each camper must have adult (an adult over the age of 25) supervision.
22. All 4-H members and Leaders are to follow the "4-H Activities CODE OF CONDUCT". 4-H'ers are expected to conduct themselves in a manner that reflects well on their state, county, and club, as well as themselves. The contribution of the 4-H'er is as important as what they receive from the program.
23. All grievances are to be submitted in written form to the 4-H office for further review. An official grievance form is available from the 4-H office or online at the Douglas County 4-H Website. Grievances should refer to concrete facts such as time of occurrence, location, other witnesses, other individuals involved, etc. Those filing grievances should be ready to stand behind all information submitted, as appropriate. Grievances dealing with leaders, members and/or 4-H policy will be handled by the 4-H Program Management Committee consisting of: 4-H Livestock Superintendent, 4-H Exhibit Building Superintendent, Division Superintendent, 4-H Program Coordinator and 4-H Agent. The final decision will be made by the 4-H Extension Agent. Grievances concerning the overall youth program at Fair will be dealt with by a committee consisting of the 4-H Committee (listed above), FFA Superintendent and Assistant Superintendent, Fair Representative and Open Class Superintendent.

Entries, Exhibit Tags, Explanation Cards, and Stall Cards

1. A standard 4-H exhibit tag shall be securely attached to each static exhibit, except wool fleeces, flowers, fiber arts, and clothing. There are special exhibit tags for wool and mohair fleeces, flowers, fiber arts, and clothing. We encourage the use of computer generated exhibit tags. These can be found on the State 4-H website: <http://oregon.4h.oregonstate.edu/>. Exhibit tags are available at County Extension offices. All tags and cards must be filled out completely.
2. If required, an explanation card must be fully completed and securely attached to each exhibit. (See class requirements to know if a card is required.) These cards should be filled out by the member and must match the exhibit being entered.
3. Horse stall cards, livestock stall cards and small animal cards will be available at the fair or they may be filled out at home and brought to the fair.
4. "For Sale" signs are not permitted.
5. All Fair entries need to be done through the county 4-H office; members cannot register on their own.
6. It is the responsibility of the member to assure that the current year's version of all required exhibit tags,

project descriptions and/or labels are attached to the exhibit. **Exhibits with out-of-date documents will be disqualified from competition.**

7. It is the responsibility of the member to assure that any specified size and/or weight restrictions are followed. Exhibits that do not meet the criteria will be disqualified from competition.

DOUGLAS COUNTY 4-H AND FFA

SHOW RING CODE OF PRACTICE GUIDELINES

The following is a listing of guidelines all exhibitors must follow to enter any animal at organized competitive events.

1. All exhibitors must have viable proof of ownership or viable leases, if appropriate, available to Fair and Livestock show officials at their request. Documents should include current ownership information, transfer of ownership (if any) length of ownership, and age of animal's. Misrepresentation of ownership, age, breed, or any facts relating thereto is prohibited. Exhibitors and their agents - advisors agree to comply with the printed show rules upon entry.
2. No exhibitor may show a market animal which has been previously sold at an auction or sale as a market animal through another Fair or Livestock show, whether or not there is an actual change of ownership (progress level shows excluded). Any method used to misrepresent the age of an animal for a class in which it is shown is deceptive and considered illegal. Showing an animal for another individual by claiming ownership in order to show in a specific livestock class or event is prohibited. False ownership is illegal.
3. 4-H and FFA exhibitors are expected to care for, groom and exhibit their own animals upon entry at the Fair or livestock show except for normal care given during barn duty when members may coordinate and cooperate to ensure proper husbandry. However, because of the educational nature of livestock shows it is appropriate for parents, leaders, and/or other persons to give **VERBAL** assistance in the preparation of livestock for show. Additionally, 4-H and FFA members in good standing in Douglas County may **ASSIST** each other. If outside (parental or other) help occurs, the judge will be notified and member may be dropped to the bottom of the class. Any exceptions must be approved in advance by the Ethics Review Committee and/or barn superintendent or Fair rules. Safety is of primary concern and common sense actions/interventions by adults are allowed, when appropriate.
4. The act of entering an animal in a livestock show provides for absolute responsibility for an animal's condition by the owner, exhibitor, fitter, groomer, trainer, parent or absolutely responsible person whether or not he or she was actually instrumental in, or had actual knowledge of an act perpetrated to misrepresent or mistreat an animal in contravention of this code of ethics.
5.
 - a. Use of tranquilizers, sedatives, or any other drugs which alter the physical or physiological state of the animals is illegal. The drugs must be approved by the Food and Drug Administration for use in meat producing animals. Additionally, all drugs used on a species of animal must be properly approved for use on the species treated. All exhibitors shall advise show management of any drugs and/or medications administered to an animal. The name of the drug, its purpose, the person who administered the drug, time and date of administration shall be presented to show management prior to the showing and sale of the animal. Failure to report this information could result in severe penalty and/or disqualification. Any use of drugs or substances not approved by the Food and Drug Administration specifically for use in animals, home remedies included, is strictly prohibited. Kaopectate and/or Pepto-bismal for the sole purpose of controlling diarrhea may be administered at the Fair with the prior approval of the Barn Superintendent.
 - b. Animals shall be presented free of drugs at show events where they will enter the food chain, this includes meat producing animals, dairy animals producing milk, and poultry producing eggs. The act of entering an animal in a livestock show gives consent by owner, exhibitor, fitter, groomer, trainer, parent and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other requested substances from the animal to be used in testing either randomly or upon suspicion. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and local statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, local statutes, regulations and rules affect the animal's performance or appearance at the event. Any

exceptions must be approved by the Douglas County Ethics Review Committee.

- c. During livestock events, in the case of animals requiring treatment, all medications shall be administered according to label instructions and the livestock show officials shall be notified of the medication given, amount administered, time of administration, and who administered the medication. All exhibitors shall advise show management of any drugs and or medications administered to an animal by themselves or a licensed veterinarian during the previous two days from the opening of the scheduled event.
- d. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. Upon entry of animals, exhibitors give permission to the Douglas County Fairgrounds and/or their representative(s) to collect samples of urine, saliva, blood or other substances from any animal in question. Exhibitors and/or their representatives assume that the sample of urine, saliva, blood or other substance tested by the approved laboratory to which it is sent is the one taken for the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory pertains to the animal in question and correctly reflects the condition of the animal at the time the sample was taken from the animal in question. The owner, fitter, groomer, exhibitor, parent or absolute responsible person has the burden to prove otherwise at any hearing in regard to the matter conducted by the Fair or Livestock show.
6. Any surgical procedure or injection of any foreign substance or drug or external application of a substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance is prohibited. Surgical procedures used in generally accepted animal health practices performed previous to the event for the sole purpose of protecting the health and usability of the animal is allowed. Substances used for practical cleaning purposes, external applications of substances to the hooves or horns of animals which affect appearance only and other hair grooming products prescribed for use on animals are allowed unless prohibited in the Fair rules and/or rules for a specific event. Any directions, indications, healing and withdrawal times for products and procedures must be followed.
7. The use of inhumane showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited. Other practices, unless under the written authority of a licensed veterinarian, that are not acceptable or prohibited include, but not limited to, liquid diets for lambs, excessive shrinking, excessive exercising, tying animals with their feet off the ground, icing animals down and electric stimulation.
8. The balancing of the udder by abnormal means that includes the use of a mechanical contrivance or the injection of fluid or drugs, setting the teats and/or occluding with a mechanical contrivance or the use of chemical preparation is illegal. Treating or massaging the udder or its attachments with an irritant or counter irritant is prohibited.
9. Direct criticism or interference with the judge, Fair or Livestock Show management, other exhibitors, breed representatives, or show officials before, during or after the competitive event is prohibited. In the furtherance of their official duty, all judges, Fair and Livestock Show management, or other officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
10. No owner, exhibitor, fitter, groomer, trainer, parent or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violations of this rule shall subject such individuals to disciplinary action.
11. Show management reserves the right to require animal health certificates. Health inspections and diagnostic tests may be made before or after the animals are on the livestock show premises for exhibitor and animal safety, or to inaugurate disease control procedures which may become necessary in emergencies as determined by animal health officials.
12. All grievances are to be submitted in written form to the 4-H Office for further review.
13. Threats to show management, staff, and volunteers will not be tolerated. All actions will result in immediate

release of exhibitor from the premises.

4-H ANIMAL SCIENCE RULES AND REGULATIONS

GENERAL RULES

DIXIE WILLIAMS | 541.679.2323 | 4-H LIVESTOCK SUPERINTENDENT

NOTE: Rules in "GENERAL INFORMATION" section of the 4-H Exhibitor Information apply to Animal Science Exhibitors also.

1. Each exhibitor must show in a showmanship class in each department in which he/she is entered and the animal shown must be owned by the member. Exhibitors may show in only one showmanship class per animal science project area.
2. Every animal or bird exhibited by a club member must either be owned by the club member, leased or have a written agreement of responsibility for the animal as of May 1st of that year. Registered animals must be registered in the name of the exhibitor. (Registration in a partnership or family name is acceptable providing the 4-H member's animals have been designated at the beginning of the project and the 4-H leader is informed.)
3. 4-H members who share an animal in a 4-H project must decide who will enter and show it in conformation classes. Each member may show the animal in showmanship if they can be in different classes.
4. Exhibitor is limited to two entries per class or variety, except horses, dogs, and market animals are limited to one; and some classes in Exhibit Building are limited to three or less.
5. Division may be set up when three or more animals in one breed are entered in one division. If less than three animals are in a breed division they will be combined with others. Less than three in one breed, no champion will be awarded. At the Judge's discretion, a champion may be awarded to an exhibitor of outstanding quality. Likewise, if a judge does not feel that there is an exhibit of outstanding quality, they are not required to award a champion.
6. Animals and birds must be owned, leased or formally under the care and management of an enrolled 4-H'er. All project animals must be in the possession of the 4-H'er by May 1st, exception: market swine, beef must meet earlier possession deadlines). If an animal dies the member may make a request to replace an animal providing he/she has possession of the second animal by July 1st. (Exception: market beef and swine see Rotary Market Auction Guideline #23.)
7. In the market class the judge will be instructed to place the animals according to United States Department of Agriculture (USDA) Grading Standards.
8. Livestock classes will be judged in the order they appear in the premium book, unless prior agreement is reached with the superintendent. Market animals will be shown according to weight, not breed.
9. All unruly animals or animals that require medication or special equipment in order to be handled or restrained are not to be brought to the Fair. If an animal is unruly or the 4-H'er does not show he or she can control the animal, the superintendent can disqualify the animal. All such animals must be removed from the Fairgrounds.
10. Exhibits of blue ribbon quality are eligible for entry in State Fair. If more persons wish to enter exhibits than our quota allows, selection will be based on placing in the blue ribbon grouping. See the 4-H Saddle Horse General Regulations for specific State Fair selection guidelines for 4-H horse participation.
11. The superintendent of each division and the livestock superintendent have authority to make any decisions necessary on questions of interpretations on rules of that division.
12. The County 4-H Extension Agent shall make final interpretations regarding rules.
13. All exhibitors are expected to attend the exhibitors meetings which are held each morning at 8:00 AM
14. Livestock shows provide an opportunity for the general public to be exposed to agricultural exhibits. Exhibitors should be mindful of the show equipment being used and the manner in which it is being used. Show Management or Livestock Committee Leadership/Ring Stewards reserve the right to decide what constitutes

acceptable show equipment and how the equipment is being used by the exhibitor.

HEALTHY ANIMALS

By entry into the Fair, the 4-H exhibitor and associated parties, agree to the following:

1. All animals may be subject to health or veterinary inspection at any time from arrival on the grounds to departure from the grounds.
 - While an effort will always be made to have the exhibitor with the animal during an inspection, this may not always be possible.
2. No animal will be allowed to remain on the grounds if it shows evidence of any infectious or contagious disease or any unsightly disease conditions such as warts, ringworm, fungus, etc.
 - Objections can be reviewed by the on-call veterinarian, at the owner's expense; the on-call/on-site veterinarian decision is final.
3. Animals considered unsightly for any reason will also be subject to removal from the show and the grounds. "Unsightly" in this case is defined as an appearance of unhealthiness or an appearance of poor care or husbandry; this might include animals obviously and/or significantly under-weight, animals in poor condition due to age or other circumstances, or animals not handling the stress of the show conditions for reasons beyond our control.

It is important animals not only be healthy, but that they also appear healthy. Animals at the fair are on display; they represent not just the member, their county or even our state, but the agriculture and animal science industry as well as youth raising animals, nationwide. Even owners who take the utmost care of their animals can have unfortunate circumstances which lead to an animal not at its best. 4-H will not subject our youth to the scrutiny an "unsightly" animal may bring. Therefore, a 4-H staff member, committee for animal health, or veterinarian may encourage or suggest an animal be removed for this reason. The 4-H Staff Member in charge of animal science will make the final decision and it will be final.

4. Exhibitors agree they have reviewed and will abide by the Oregon 4-H Animal Science Ethical Standards and they understand that a violation of these ethical standards will be treated, including potential disciplinary action, just as any other violation of expected conduct will be.

BIO-SECURITY

1. As part of maintaining animal health and safety, members are expected to do their best at following some simple bio-security measures. Obviously, any show brings challenges if a contagion is present, this is why it is so critically important to only bring healthy animals to the show, but even under the most crowded conditions, there are things each of us can do in an effort to not spread contaminants.
 - Only bring healthy animals to the show.
 - When possible, don't let animals touch noses (very difficult for some species in classes and waiting.)
 - Don't share grooming or fitting items
 - Don't share feed pans or buckets
 - Don't go from pen to pen petting on animals that haven't previously been housed together.
 - Don't stuff hoses into water buckets, let the water fall into the bucket
 - Invite the public to wash their hands if they touch your animal, know where the nearest handwashing station is and/or have disinfectant wipes available for them
 - If you suspect you've been in contact with something contagious, change clothes, wash, etc.

UNHEALTHY ANIMALS

If you suspect an animal to be unhealthy, or have a contagious or infectious disease, be respectful and ask the right people to follow up.

1. If there is a club leader, you may always go to them first and share your concerns.
2. Find the superintendent for the species and share your concerns.
3. Remember, they may follow up and a veterinarian may disagree with your diagnosis, the on-call veterinarian's call is final.
4. Contact the 4-H Staff member in charge of animal science if you have additional concerns or feel action has not been taken.

5. Refrain from spreading rumors, opinions, or disparaging the 4-H member or volunteers

2019 4-H | FFA ROTARY MARKET AUCTION GUIDELINES

 - c. Each youth member may have ownership in up to 3 animals per species. If an animal has multiple owners (i.e.: within a family or neighbors) each youth member must have contributed to the purchase of the animal and be responsible for the daily care and management of the animal. 4-H clubs and FFA chapters may not purchase “back-up” animals for their club or chapter membership. In case of death or sickness of a market animal, see Animal Replacement Policy (guideline #23).
 - d. A copy of the members’ budget sheet must be submitted either at weigh-in/tagging day or to FFA advisor/OSU Extension Office within 10 days of possession deadline.
 - e. Animal must pass vet check at Lamb Show or Fair.
2. Each exhibitor must comply with these Rotary Auction Market Guidelines, all Lamb Show or Fair rules as written in the Lamb Show Catalog and Fairbook, including the Douglas County Showing Code of Ethics, to be eligible to sell at the auction.
3. Possession means animal must be owned by and under the care of the 4-H or FFA member.
4. Seller must be currently enrolled in either 4-H or FFA and be a member in good standing; and enrolled (4-H) in the species project area by the market animal possession deadline with an animal weighed, tagged and registered in their name at the appropriate species weigh-in and tagging date. Eligibility is based on 4-H and FFA members grade in which they are enrolled in school by Sept. 1st of the school year (not age) and will be determined as follows:
 - Juniors (grades 4th-6th);**
 - Intermediates (grades 7th-9th);**
 - Seniors (grades 10th-12th)**
5. Market lambs must have been born after December 1st, of the preceding year, and must be identified (tagged) to meet Scrapie eradication requirements to be eligible to show and sell at the Lamb Show.
6. Market swine must be born January 1st or after of the sale year.
7. To be eligible to sell at the auction the animal must be shown in a 4-H or FFA market animal class at the Lamb Show or the Fair (whichever is appropriate to the project). Each exhibitor must exhibit their own animal in the showmanship class in the department in which he/she is entered in order to be eligible to sell in the auction.
8. All market animals making grade must sell at the Rotary Auction.
9. Criteria for sale; animals must grade:

**Market Lambs –
Choice or Better, 100 pound**

**Market Steers –
Select or Better, 1,000 pounds**

**Market Swine –
US No. 2 or Better, 225 – 285 pounds**

- a. Lambs not making weight may be shown as a Feeder if they weigh between 70 and 99 pounds, as well as a Showmanship class. Feeder lambs cannot be sold at the Rotary Auction.
 - b. Steers not making weight will be shown as a Feeder if they weigh less than 1,000 pounds, as well as a Showmanship class. Feeder steers cannot be sold at the Rotary Auction. A deduction of \$0.20 cents per/pound from any steer weighing over 1,550 pounds will be deducted from the youth's check at the time of sale.
 - c. Overweight hogs and underweight hogs may remain at the Fair and be shown in either a back-up market hog class (hogs weighing over 285) or Feeder hog class (hogs weighing 224 or less) and participate in a Showmanship class. Overweight and underweight hogs cannot be sold at the Rotary Auction. Members will need to consult with the swine superintendent to make sure that animals are entered into the appropriate classes.
 - d. Any animal not eligible for sale at the Rotary Auction may not be advertised for sale until the end of the auction; members may not approach buyers to purchase their non-eligible animals on the night of the auction.
10. 4-H or FFA members may sell only one market animal per year at the 4-H/FFA Rotary Auction Sales (Spring Lamb Show or County Fair). The animal designated for the Market Auction sale will be the first animal over the scale that makes weight at either Lamb Show or Fair. Should a 4-H/FFA member NOT show in a showmanship class then they will forfeit their ability to sell at the auction in which their market animal was judged as well as all other auctions for that calendar year's available auctions.
 11. Sale order will be determined by judge's placing's of animals in classes. Superintendent and/or placing committee will compile the sale order from placing's of all classes.
 12. All bidding is on a per pound basis. In most cases the current market price constitutes the starting bid. At the time of the sale only the buyer will select one of these options: 1) Keep the animal for his/her own personal consumption, or 2) Turn the animal back to the auction committee for resale to a (sheep, beef or hog) buyer at the accepted price.
 13. Youth will not approach buyers at the Buyer's BBQ to change the disposition of the animal. NO gifts are to be presented to buyers at the sale.
 14. Seller receives the full bid less 5% to cover advertising and promotion costs, and to support the broader 4-H and FFA programs youth development goals. Federal law requires that .40 cents per hundred gross value from the sale of swine be deducted for the pork check-off. It will amount to a few cents less on the checks of those who sell swine. The federal beef referendum requires a \$1.50 per head charge per animal and this amount will be deducted from the check of those who sell beef. The lamb check-off fee is .70 cents per head charge per animal and a \$2.00 lamb pen cleaning fee is assessed as well and will be deducted from the check of those who sell lambs.
 15. A picture must be taken of the exhibitors and their market animals on a scheduled day, (see show schedules for details). Pictures are used as part of a tribute to the buyers, and the exhibitor is responsible for presenting the Buyer's Placard with the picture to their buyer. Moreover, letters of thanks must be mailed to the buyer as soon as possible. Market checks will be held until thank you letters are sent and placards are delivered.
 16. Exhibitor will present his/her animal in the sale ring at the time of the sale and at picture-taking.
 17. Each exhibitor must have available all required papers (i.e., transfer of ownership certificate and bill of sale).
 18. Ownership of animal changes at the time of the auction, but care of market animals are the responsibility of the exhibitor until time of release. Sellers are responsible for all pre-existing conditions (i.e., retained testicles, medicine withdrawal periods, additives, drug, and hormone treatment problems). **Evidence of non-compliance will result in forfeiture of sale proceeds.** Release time for steers and hogs is Sunday morning at 6:00 AM.
 19. 4-H Records must be up-to-date and submitted during registration on entry day of Lamb Show and Fair in

- order to enter 4-H classes. Completed Feed and Growth Records must be turned in at the Lamb Show Registration and by Wednesday morning at the Exhibitors Meeting during Fair in order for sellers to receive their check. FFA records will be certified by the FFA Advisor. **KEEP IN MIND ... NO RECORDS, NO CHECK.**
20. Rotary loans and fees for market animals will be withheld from the auction sales check. If your animal does not sell at the Rotary Auction for any reason, you are still responsible for repayment at the time of the Rotary Sale.
 21. Dress Code for exhibitors is as follows: **exhibitor should be neat and clean with hair combed and shirts tucked in; no shorts, no sandals, no gum, no hats! FFA members are to wear official dress. 4-H Club T-shirts are acceptable, however T-shirts with other writing or logos WILL NOT be permitted. No tank tops.** Members not following dress code will be asked to change clothes prior to entering the show ring and/or auction ring.
 22. Requests for deviation from any of these guidelines must be made by written petition to the Market Auction Committee (MAC) and submitted to the 4-H agent *prior to the event*. If submitted after a scheduled quarterly meeting of the MAC and prior to the event, a grievance committee will handle the petition. The committee will consist of 4-H Agent and/or 4-H Program Assistant, FFA Overall superintendent, 4-H Livestock superintendent and the relevant 4-H and FFA species superintendents.
 23. **Animal Replacement Policy** – If a tagged market animal should die and the member has no other tagged animals in his/her name, notify the OSU Extension Office (541-672-4461) within 24 hours. The 4-H/FFA member will be asked to provide the MAC with the following information within 48 hours: 1) A vet statement on the dead animal prepared by a veterinarian. 2) A statement of support from his/her 4-H leader or FFA advisor regarding the replacement. Representatives of the MAC will review the veterinarians report and the leader recommendation. If the death of the animal was not due to poor management or negligence, the MAC may grant permission to purchase another tagged market animal from a 4-H or FFA member in the county within five (5) days of approval. No replacement requests will be granted within 30 days of Lamb Show or County Fair. If a market animal is sick or injured, members may use the above guidelines to request a replacement.
 24. All 4-H and FFA members must complete the mandatory Market Auction Education materials and have submitted the mandatory **Market Animal Affidavit (MAA) and Media Release form** to the OSU Extension Office. They can be turned in as early as weigh-in/tagging day but **must be submitted no later than May 1st** for lambs and **July 1st** for beef and swine in order to be eligible for sale at the Rotary Auction.
 25. Certificate of Veterinary Inspection (CVI) for out-of-state purchased hogs are mandatory as issued by the Oregon Department of Agriculture effective February 10th, 2014. This directive requires that Certificates of Veterinary Inspection accompany hogs entering Oregon, for purposes other than immediate slaughter, contain the following statement from the issuing veterinarian: *"To the best of my knowledge, swine represented on this certificate have not originated from a premise known to be affected by Porcine Epidemic Diarrhea virus (PEDv), and have not been exposed to PEDv within the last 30 days."*
 26. All 4-H and FFA participants engaged in meat animal production activities are responsible for:
 - a. The proper care and safe, humane treatment of your animals
 - b. The production of high quality, are, and wholesome food
 - c. Demonstrating strong moral character as an example to others
 27. As a youth participant in the Douglas County 4-H/FFA Rotary Auction Program, you will personally be responsible for thanking your buyer(s) of your market animal and anyone adding money to the purchase of your animal by promptly delivering your Auction Placard and an approved Personal Thank You Note to the buyer as soon as possible after the sale. You must deliver these items and have the Thank You Documentation Form completed by the buyer within 4-H days of receiving the Placard and Form from your 4-H Leader/FFA Advisor. Once the Thank You Documentation Form is returned to the Douglas County OSU Extension Office, you will then be issued your Market Sale Check.
 28. As a youth livestock producer you will comply with the Wholesome Assurance Statement:
 - a. The use by non-veterinarians of animal drugs or other substances in any manner other than in accord with

the labeling approved by FDA is a violation of federal law.

- b. Any food animal must not exceed FDA, EPA, and USDA established tolerances for any foreign substance including drugs, pesticides, feed additives, or other chemicals.
 - c. Positive results of banned residue testing are subject to investigation by the USDA and FDA for prosecution.
 - d. Any misrepresentation of a food animal that can potentially affect the acceptability of the carcass will be considered fraud.
29. All youth participants must read, sign, comply and return the 4-H|FFA Market Livestock Sale Commitment. Lamb participants are to return their completed forms by May 1st, steer and hog participant forms are due July 1st. Continued participation in the Jr. Livestock Auction Program will be greatly influenced by youth's compliance of the criterion contained within this agreement.

4-H HERDSMANSHIP CONTEST

Herdsmanship should focus on teamwork, showing pride in exhibits, learning to pick-up and take care of area, proper care and treatment of the animal (feed, water, animal and pens kept clean, animal health, safety, etc.). Herdsmanship is more than a contest – it should be a fun “educational” activity in which youth challenge one another within their club to make their club look and “feel” good.

The purpose of this contest is: Develop knowledge and skill in proper care, handling and housing of animals on public exhibition. Unmanned clubs will not be judged on members' presence at club area as long as area is neat, clean and animals are taken care of. Individual members may compete for Herdsmanship Award. Herdsmanship awards will not be presented until the fall awards program. This will allow barn superintendents time on Sunday of Fair to determine that all herdsman duties and cleanup occurs.

Basis for scoring:

Animals	40	Display (arrangement and tying or penning). Clean and comfortable. Regularly fed, watered and cared for. Securely and safely tied or penned.
Barns	40	Equipment, feed and supplies (arrangement, cleanliness, neatness and safety.) Alleys, stalls and pens (cleanliness, bedding, neatness,) Stall Cards (legibility, neatness.)
Club Member	20	Appearance and attitude, skill in handling animals, all the work done by club members. Cooperation, courtesy, conduct, friendliness. All work done by appropriate age club members.
POSSIBLE SCORE	100	

NOTE: Barn superintendent will have the authority to ask clubs to move tack boxes, chairs, etc. out of the aisles in barns, if they pose a safety risk such as congestion in or blockage of the aisles.

The Herdsmanship Contest is a club activity. Your club leader acts as your advisor in helping youth members organize and carry out the work. Leaders should not become the boss or do the work for the members.

The club members should decide how they want to tie or pen their animals, what they want to do in the way of a club sign or decorations (decorations do not need to be expensive or elaborate but they do need to be neat and clean; no points are given based on decorations), and how the feed and equipment should be stored. They should work out a schedule for caring for the animals that will be fair to all members. In most cases each members should feed their own animals and do the cleaning of the pen or stalls. They should do all of the fitting and preparation for show and should be responsible for their own equipment. Tack Pen cards are available for identification during fair week.

Stall cards will be available at division area registrations tables or from the superintendent. Cards can be obtained in advance from the 4-H Fair Office.

At all times animals should be clean and comfortable. Manure should be removed regularly. Animals should have sufficient bedding to keep them clean and make them comfortable. Freedom from flies and other pests is important. Removal of the water bucket after the animal drinks (except for horses-they need water at all times) to prevent wet bedding. Swine and small animal self-watering units are to be maintained to prevent wet pens.

The animals should be fed and cared for at regular times. It is especially important that animals be watered regularly and that cows in milk are milked on time.

Animals should be securely and safely tied or penned at all times. This is a must! Cattle should be tied short and low cross-tied. Animals with horns should be tied so that they cannot hook another animal. All beef and dairy cattle are required to have a neck rope in addition to a halter. Horses should not be haltered, but a halter and lead should be hung outside the stall. Sheep and goat pens need to be chained.

Barn alleys, stalls and pens should be cleaned regularly. Alleys are to be neat and orderly, stalls and pens well bedded. The use of excessive bedding is discouraged. Sweeping that causes excessive dust is strongly discouraged.

Feed should be stored so an animal cannot get to it if one should get loose. Equipment such as forks should be hung or placed where there is no danger of injury. Club members will be required to provide their own feed buckets, water buckets, trough, feed and other equipment that is necessary to care for their animals while at Fair. Such equipment should be kept clean and neat. Tack boxes are desirable and should be kept neat.

Club members should keep the following in mind:

Appearance: 4-H Dress Code will be enforced.

Cooperation: 4-H club members should learn to work together and to help each other do a better job. Cooperation with their leaders, the Fair management, and with other clubs is important.

Courtesy: Conduct and Friendliness – Club members should be courteous to each other and to all others. Their manner of speech and general conduct should be a credit to 4-H club work. They should be friendly and ready to tell Fair Visitors about their animals and 4-H projects.

All Work Done By Club Members: There is great potential for learning if club members do their own work. If a club member needs help grooming an animal, the parent or leader might hold the animal, but the club members should do the work of fitting. (Club members should complete fitting and clipping prior to arriving at the Fair.)

DRESS CODE

Dress code will be enforced for stall duty. Dress code is as follows:

When participating in 4-H activities, you are representing yourself, your club, your county and the state 4-H program. Clothing is to be neat, clean and appropriate for the activity. At no time are low cut tops, t-shirts with offensive language or short shorts appropriate. No tank tops, no open-toed shoes, sandals, or flip-flops should be worn at any time in the barn; again clothing needs to be in good taste and appropriate for handling livestock and animals. Remember that this is for your safety; clothing appropriate for barns and to be seen in public. Shirts and jeans are preferred, 4-H club T-shirts are encouraged. Members not following Dress Code will be asked to change clothes before returning to stall duty or the barn area. Be on the safe side – bring an extra set of clothes and shoes!

4-H SHOWMANSHIP

The purpose of 4-H livestock showmanship is to teach youth courtesy, good grooming, poise, confidence and how to fit, train and handle animals. All training and preparation is done by the contestant (see the Douglas County Show ring Code of Practice). Since there are many different but correct methods of achieving a desired result in preparing an animal for showmanship, the proper result is more important than the method.

No effort is made to judge preparation methods so long as they are safe and reasonable. The picture that the showman and his animal present are most important, they should be clean, well-groomed and attractive and should work well as a team. The animal should be under control, correctly posed and alert at all times. The methods of leading, turning and posing should be safe, becoming and courteous.

Basis for scoring:

Club Member 20

Clean, neat, courteous, attentive, confident, knowledge of Project.

Animals 25

The animal - condition and grooming.

Showing the Animal. 50

Ability to show the animal to the judge and to move the animal as directed by the judge.

Possible score = 100

If one exhibitor wins Champion Showmanship in two or more departments, that exhibitor has the option of which animal to enter in the Master Showmanship Contest. The Reserve Champion(s) in the department not chosen then is eligible to enter the Master Showmanship Contest.

SHOWMANSHIP GUIDELINES TO KEEP IN MIND –

1. **Animal Science exhibitors are required to participate in showmanship contests relating to their exhibits, including all dog show exhibitors. Animals exhibited in showmanship class must also be shown in a conformation class (Exception: dogs and horses).**
2. Contestants must show their own animals at this show.
3. Judges may ask questions about the member's animal, fitting and showing.
4. Champions in each project and each age division are expected to participate in the Master Showmanship class.
5. Livestock shows provide an opportunity for the general public to be exposed to agricultural exhibits. Exhibitors should be mindful of the show equipment being used and the manner in which it is being used. Show Management or Livestock Committee Leadership/Ring Stewards reserve the right to decide what constitutes acceptable show equipment and how the equipment is being used by the exhibitor.

4-H MASTER SHOWMANSHIP

Champion Showmen from 4-H beef, dairy, sheep, swine, and horse departments and winner of the specialty animal classes' run-off are eligible to show. (Specialty classes consist of dairy goat, pygmy goat and meat goat showmanship.) Each contestant will show an animal chosen by superintendents' that is not his/her own for a prescribed time (3 to 5 minutes). They will be placed by the judges of each division before moving to the next animal. Contestant with the best composite score is Champion. In event of a tie, contestant with most first place or first and second place scores is winner. No premiums. Champion and Reserve Champion awarded.

As a participant in Fair, it may be asked and expected of you to allow your animal to be used in livestock judging and/or master showmanship contests. If you do not want this to happen for a specific reason, you will need to contact the 4-H Staff Member in charge in the 4-H livestock office in the barn.

COSTUME ANIMAL CLASS

NO PREMIUMS AWARDED

SIGN UP WITH YOUR BARN SUPERINTENDENT AT COUNTY FAIR

This is a special class for animals (dairy, beef, sheep, and goat) exhibited by 4-H/FFA/Open class. The class will be scheduled Friday afternoon, in the Beef Ring. The judging is to be based on glamour of the animal as enhanced by cosmetics, ribbons or other paraphernalia. Participants may assist each other in developing a spectacular entry. Ribbons will be awarded.

4-H GUIDELINES FOR JUDGING 4-H PRODUCTION RECORD CLASSES

Each of the species has certain criteria upon which are based the evaluation of their production. The purpose of this guideline is not to analyze these criteria, but to establish a base for the official to work from. Each judge will look at a production class from a different perspective. This guideline is an attempt at channeling the evaluation of these classes into something that will allow some uniformity in the outcomes.

The Production Records Class Placing is based on these two areas:

- | | |
|---|----|
| (1) The Production Animal (sow, ewe, cow, etc.) | 40 |
| Conformation, soundness, breed character, (if purebred), feminine traits and age. | |
| (2) The Production Record: | 60 |
| • Reproductive efficiency--Production interval: | |
| 6 months sows and 12 months for ewes and cows | |
| • Mothering Ability--Ability to wean healthy offspring | |
| • Milking Ability—Ability to wean large offspring | |
| • Performance of Offspring--50% heritable from Dam A.D.G., F.E. | |
| • Carcass quality | |
| • Showing performance | |

MEAT ANIMAL JUDGING & IDENTIFICATION CONTESTS

NO PREMIUMS AWARDED

SIGN UP WITH YOUR BARN SUPERINTENDENT AT COUNTY FAIR

Contestants will place classes of hogs, sheep and beef and will give written/oral reasons on at least one designated class. Contestants may be asked to identify and place meat cuts and/or forage or feed examples. The three highest scores from each club will make up the team score for that club. Any animal showing at Fair may be used in Livestock Judging Contests. *Contests and activities are three to four hours in length.*

1. To participate in a 4-H judging contest, individuals must be enrolled in 4-H.
2. Ribbons will be awarded on individual scores. In addition, judging team ribbons (blue, red and white) will be awarded to all members (up to four) of the three highest scoring judging teams in each contest. A Rosette will be given for the champion club team (up to four members). Each team may have a maximum of four (4) members, but team scores will be calculated using the top three individual scores from each team. All teams competing must have a minimum of three members. Team ribbons and team placing will not be awarded to teams with fewer than three members. Ribbons only, no premiums. Members may pick-up their score cards and ribbons Friday afternoon and Saturday at the 4-H Fair Desk in the Exhibit Building.
3. Parents and club leaders are reminded that **No coaching is allowed during the contest.**
4. **Individuals and Teams can register at Fair with their division superintendent.**
5. Only official contest materials may be used during the contest with the exception of a clipboard, a pen or pencil and blank paper for taking notes. Members using materials other than those allowed will be disqualified.
6. **No talking is allowed by 4-H members after the contest has begun.** If 4-H members have a question regarding the contest, the member should address that question to the group leader. 4-H members will be given one warning for talking. The next offense will result in the member receiving a zero for that class. Subsequent violations will result in the member being dismissed from the contest and receiving a zero for all classes. Decisions regarding compliance with this rule rest with the group leader and/or contest facilitator.

4-H AWARDS

Bonnie Wuergler | 541-836-2601 | Superintendent

The following list details the generous contributions of our community sponsors for special division awards earned by Douglas County 4-H youth at County Fair and contests associated with County Fair for our current 4-H enrollment year. Each sponsor has provided our awards committee with the ability to supply 4-H youth participants an award that distinguishes their project work as having achieved the highest possible rank within our counties participants. ***As such, each 4-H youth participant is required to send their award sponsor an appropriate thank you note acknowledging their support of youth in the Douglas County 4-H program. During the show as participants receive their placing's they will be given a pre-addressed thank you note card and envelope to be completed by the member which needs to then be returned to the 4-H office. This is a new policy to help ensure that our donors are receiving prompt and appropriate appreciation.***

4-H HORSE BARN RULES

1. Boots are required when riding, in the arena or barn area.
2. Boots must be worn in all areas where horses are present.
3. No open-toe shoes, sandals, or flip-flops should be worn at any time in the barn.
4. Top stall may be opened if the horse is not a threat to the general public, and there is a member on stall duty. If the horse does not tolerate people well or shows sign of aggression or the horse displays that it is uneasy and acts threatened then the stall door must remain closed and latched. Stall doors cannot be pad-locked.
5. Horses are not to stand or be tied in the alleyways at any time.
6. Halters should be left by stall doors in case of emergency (outside of stall).
7. No riding of horses in barn or on pavement.
8. Permission must be obtained from Barn Superintendent to place a horse in a different stall, and you must clean stall afterwards.
9. Horses are not to be unattended in a stall with saddles, halters, or any other tack on the horse or left in stalls (except stable blankets).
10. Water buckets may be left in stall at all times BUT must remain only with water in them. If hay bags are used they must be tied shoulder high and removed when empty.
11. Tack rooms are often very crowded--neatness sometimes is next to impossible but attempts should be made. Hay should be secured in bags or tied back after use (large clubs have a real disadvantage with space, feed can be brought in daily with a parking delivery pass to help with space accommodations).
12. Clothing appropriate for barns and to be seen in public. Shirts and jeans are preferred.
13. Parents may help place heavy saddles on horses but kids should do the rest of the tacking up. Parents may also hold horses (if child has a handicap and needs assistance, herdsman'ship judge should be notified so judging can be modified). Otherwise parents are to observe only, this 4-H project experience is for the kids.
14. Before leaving, stalls must be stripped to bare dirt, all loose sawdust must be raked out and then checked by person in charge. If this is not done, you will be charged a cleaning fee. All stalls are to be cleaned by 10:00 AM daily, dump all dirty shavings and manure as far back in the manure bunks as possible.
15. Radios, compact disc, or MP3 players, etc. will be allowed in the barn area at appropriate noise levels.
16. Decorations--Crepe paper cannot be used due to fire hazard. All hanging objects across the aisle way must have at least 10 feet between the ground and the bottom of the object (overhead clearance).
17. Decorations are to be on the north side of the barn only. This includes tack boxes, chairs, tables and anything else. These items are not to go beyond two feet from the stall walls. On the south side of the barn, only decorations that are flat against the wall will be allowed. Plants or signs must be above a distance of 8 feet from the ground (overhead clearance). No balloons are allowed to be used as part of stall decorations.

GENERAL REGULATIONS

1. Each horse club must submit a list of member's project horses to the 4-H office by **May 15th**.
2. Members who use un-owned project animal(s) must have a written lease between **May 1st and Sept. 1st**. One

copy of this lease must be on file at the 4-H office by **May 15th**. Challenged riders are exempt from this rule.

3. ***All 4-H Horse project members must complete Level One of the Oregon 4-H Horse Advancement Program, as Level One of each of the advancements that apply to the contests they will be competing in at the County Fair. Exceptions will apply to members only participating in walk/trot classes; they will not be required to complete the lope or canter sections in the riding advancements. Likewise, members only competing in non-riding events will not be expected to complete the riding advancements.***
4. Showmanship class is required of each member. Members may not show in more than one horse showmanship class at County Fair.
5. Dress code: long sleeves, boots, belts (should be worn if there are belt loops), show numbers (as provided) are required in all classes. Boots are required of 4-H member when riding and handling horses in the arena or barn area. Boots must be worn in all areas where horses are present. No open-toed shoes, sandals, or flip flops should be worn at any time in the barn.
 - a. All Oregon 4-H members participating in any equestrian activity, regardless of riding seat, will wear a properly fitted equestrian helmet which meets the standards imposed by the American Society of Testing Material (ASTM) F1163 and includes certification and labeling required by the Safety Equipment Institute (SEI). Such headgear will be secured with the harness engaged and be properly fastened when mounted on an equine or in a vehicle (cart, wagon, buggy, etc.) being pulled by one or more equine.
6. Only one horse per member may be shown at Fair. Exception: gaming, ground training, owner-trained under saddle and pleasure harness classes.
7. With superintendent approval, immediate family members or two non-family members may share a horse if only one is available, providing they share care and training responsibilities. Members and families should be aware of the constraints this may cause in regard to class schedules or for championships.
8. Mares and their foals shall not be in the show arena at the same time. If mares are being shown, foals should be in the barn and vice versa (except for ground training). Since mares still nursing foals are not allowed at the State Fair, members showing mares with foals will not be eligible for State Fair, unless foal is weaned.
9. The use of hoof polish will not be allowed.
10. Half-chaps are optional for Hunt Seat and Dressage classes.
11. All male horses over the age of 12 months of age must be gelded to participate in 4-H.
12. Bareback riding is limited to designated classes. The following are not allowed during 4-H horse activities: riding double, having others ride your horse, and riding horses on blacktop areas (walk and lead your horse on all blacktop surfaces).
13. Herdsmanship will be judged per Horse Barn Rules. See 4-H Herdsmanship Animal Science Contest.
14. It is illegal to use drugs or substances intended to alter the horse's performance. See Code of Ethics.
15. 4-H will not accept any breed promotion awards at County Fair.
16. The policy of responsibility is as follows: Every club member should have complete responsibility for the training of his/her project horse during the time period from May 1st through August 31st. Challenged riders will be exempt from this rule. This does not mean that when there is one horse in the family which belongs to the youngster in the 4-H club project that other members of the family do not have the right to handle or ride the horse. However, other members of the family or other riders are expected to refrain from activities with the horse that could be interpreted as training experience for the horse. This does not exclude the possibility of using the horse for pleasure rides, trail rides, work, or parades. It does, exclude riders other than the member enrolling the horse as a project from using the horse in horse shows or working the horse in performance exercises normally associated with 4-H horse shows. This policy is to allow every club member full opportunity to gain the maximum experience as they work with their horse club project. The policy also intends to discourage training of the horse by skilled riders other than the member carrying the horse as a 4-H club project during this period of time.

17. Lameness policy: if after May 1st the 4-H'er horse becomes sick, injured, or lame, the 4-H'er may replace the horse and participate at County Fair (per special consent if granted by the horse superintendent and review committee on a case by case basis). However, the 4-H'er will not be eligible for horse championship classes, medallions, or State Fair participation. The 4-H'er must present a veterinarian's certificate to his/her 4-H leader who then must show the certificate to the Horse Fair Committee prior to County Fair.
18. Parents are asked to observe only, so 4-H members can do their own project work. 4-H'ers may help each other. Be sure to check the current year's County Fair book section "General and 4-H Animal Science Rules and Regulations" for other rules that will apply to horses.
19. Challenged Riders will be classified according to skill level rather than grade in school.
20. Good Hands and Seat class is comprised of riders whose scores place immediately behind the Championship qualifiers at the discretion of the horse superintendent and/or show committee. A maximum of 8 blue and/or red ribbon winners may advance. These riders will be placed first through eighth. At the judge's discretion, the first place rider may advance to the championship class; but only if he/she earned a blue ribbon in his/her regular equitation class. Participants in the good hands and seat class will receive a participation ribbon but will not be eligible for premiums for this class.
21. Approaching the judge should be done so for information only, not to dispute placing, and only after judging is completed. Those wishing to speak with the judge must do so through the horse superintendent and with a superintendent or 4-H staff person present.
22. **HORSE STATE FAIR QUALIFYING/ELIGIBILITY POLICY:** (Only information specific to State Fair is listed here. For all other class requirements and procedures, refer to the "4-H Horse Contest Guide," PNW 574.)

There are no county quotas for State Horse Fair. Instead, there are qualifying scores or times for each specific event. Contestants must first qualify with their equitation/showmanship score before they qualify for trail, dressage, or hunt seat over fences. Carefully read the qualifying rules for each event below.

Contestants must use the same horse in all events except for Ground Training, driving classes, and Gaming. In addition, in every event, contestants must use the same horse they qualified with at their County Fair.

Showmanship is required of all contestants, **AND** you can only do showmanship once. All showmanship will be on the same day (there will no longer be gaming and performance showmanship, just showmanship).

Equitation and Showmanship

In order for Intermediate and seniors to qualify for State Fair in **showmanship and equitation** (hunt seat, saddle seat, or western), contestants must have received a minimum combined score of 170 (in equitation and showmanship) at their County Fair, and each individual score must be 80 points or higher. In addition, they must have used the same horse in both classes.

For members who ride multiple seats, the highest equitation score must be used to determine eligibility. Then, if members have received blue ribbons in other seats on the same horse, they may ride those seats as well. The same horse must be used for all equitation classes.

Trail

Contestants who qualify for State Fair in equitation/showmanship may also enter Trail if they received a blue ribbon in that event at their County Fair using the same horse as used in equitation/showmanship.

In-Hand Trail

Contestants who qualify for State Fair in ground training or with a non-ridden animal in reinsmanship or precision driving may also enter in-hand trail if they received a blue ribbon in that event at their County Fair using the same horse (these qualifications will be held at the pre-fair in July).

Dressage

Contestants who qualify for State Fair in equitation/showmanship may also enter Dressage if they received a score of 58% or higher on any Training Level Test or any First Level test at their County Fair using the same horse as used in equitation/showmanship.

58% and up Blue ribbon

50% – 57.99% Red ribbon

49.99% and below White ribbon

Riders may ride only one test at State Fair, and it must be the test they rode at their County Fair and in which they received the qualifying score. A member who scores 62% or higher at State Fair must progress up to the next test the following year. (The requirement to move up does not apply to a new horse or in test change years.) The 2015 tests must be used. The short arena will be used for Training Level tests and the standard arena for First Level tests.

Hunt Seat Equitation Over Fences

Contestants who qualify for State Fair in equitation/showmanship may also enter Hunt Seat Equitation Over Fences if they received a blue ribbon in that event at their County Fair using the same horse as used in equitation/showmanship and if they received the blue ribbon performing over an approved qualifying course. A qualifying course must have a minimum of six different fences with at least three of them at a 2' 9" height and spread. There must be at least one combination jump and one change of direction.

At Fair, a selection of warm-up fences will be provided. All contestants must be approved by the on- site official over these warm-up jumps before attempting the full course.

Reinsmanship

Contestants may only enter one reinsmanship class at the State Fair, and there are two ways to qualify.

Contestants who qualify for State Fair in equitation/showmanship may also enter reinsmanship if they received a blue ribbon in that event at their County Fair using the same horse or pony as used in equitation/showmanship.

Contestants may also qualify with their non-equitation horse or pony if they received a minimum combined score of 170 (in reinsmanship and showmanship) at their County Fair. In addition, the showmanship score must be 80 points or higher, and the reinsmanship score must be 85 points or higher. The showmanship score can be from their equitation horse or their driving horse. If contestants are not showing an equitation animal in showmanship, they must exhibit their reinsmanship animal in showmanship.

Precision Driving

Contestants who qualify for State Fair in equitation/showmanship may also enter precision driving if they received a blue ribbon in that event at their County Fair using the same horse or pony as used in equitation/showmanship.

Contestants may also qualify with their non-equitation horse or pony if they received a minimum combined score of 170 (in precision driving and showmanship) at their County Fair. In addition, the showmanship score must be 80 points or higher, and the precision driving score must be 85 points or higher. The showmanship score can be from their equitation horse or their driving horse. If contestants are not showing an equitation animal in showmanship, they must exhibit their driving animal in showmanship.

Ground Training

To qualify for State Fair in Ground Training, contestants must have received a blue ribbon in ground training at their County Fair. A county may send a total of eight ground trainers (four seniors and four intermediates). The horses may be either yearlings or two-year olds. The same person may show both a yearling and a two-year-old. If contestants are not showing an equitation animal in showmanship, they must exhibit their ground training animal in showmanship.

Western Gaming

To qualify for State Fair in Gaming, contestants must have met the blue ribbon qualifying time in each event entered. If members are not showing another animal in showmanship, they must exhibit their gaming animal in showmanship. (There will be a showmanship class available at our county western gaming qualification.) The same horse must be used in all gaming events. ***GAMING QUALIFICATIONS FOR DOUGLAS COUNTY WILL BE HELD BEFORE COUNTY FAIR (date, time & location to be announced in T-Time and direct e-mail to registered exhibitors and 4-H volunteers when available.)**

4-H GENERAL RULES

1. A 4-H exhibit must be the work of the 4-H member and completed as part of the current year's project. Work done after County Fair but prior to October 1st and not previously exhibited may be included in the next project year.
2. One exhibit may consist of one or more items if necessary, i.e., 3-piece outfit, set of potholders or pillow cases, in which case each item must be secured together. However, only one part of a set will go to State Fair to be judged.
3. Any class denoted with an (*) is not a State Fair eligible class and may not be eligible for premiums as a county only exhibit.
4. 4-H members may enter a division or class only if they submit current 4-H records which include Cover, Identification page, My 4-H Resume Record, 4-H Project Record, 4-H Project Supplemental pages (e.g., Feed and Growth, Production, etc.), and 4-H Notes. These record-keeping forms are available at the County Extension Office or on the State 4-H website at: <http://oregon.4h.oregonstate.edu/info/forms>. They must be fastened in a flat cover with the 4-H member's name and address.
5. Divisions must have at least three entries for champion rosettes to be awarded. At the Judge's discretion, a champion rosette may be awarded to an entry of outstanding quality.
6. Public display of exhibits will be at the discretion of 4-H management, no exhibit may be removed from the 4-H exhibit hall prior to the release date and time set by County 4-H Fair Staff management. If an exhibit is removed early or without County 4-H Fair Staff management approval, members will forfeit their premiums and possibly loose eligibility/privilege to display projects at County and State Fairs in the future.
7. All exhibits not picked-up by noon on the Sunday of County Fair will be available for pick-up at the County Extension Office through September 15th. If items are not collected they will be recycled.
8. By entering your exhibit at County Fair you agree to hold harmless the County 4-H Staff and the Extension Office for any and all damage or loss of item(s). **4-H exhibits at the Douglas County Fair are entered and displayed at the risk of the exhibitor.** The 4-H Youth Development Program of Oregon State University in cooperation with the Douglas County Fair Board and management team accepts exhibits and will exercise due care to protect them. 4-H and the Douglas County Fair cannot accept responsibility for loss or damage due to the conditions imposed by large crowds, the arrangement of the building in which displays are housed, and the great number of exhibits. Every exhibitor shall indemnify the Fair and 4-H from and against any claims for damage to persons or property caused by them or by their exhibits. 4-H'ers who have exhibits of great sentimental and/or monetary value should carefully consider whether such exhibits should be exposed to possible hazards of the fair.
9. **To determine what level each exhibitor should enter use the following division based on the exhibitors age (age as of September 1st, 2018):**

CLOVERBUD | 4-H YOUTH AGES 5-8 YEARS OLD

Please note that you will have to declare at the end of County Fair which exhibits you wish to be taken to state fair if they have Selected for State Fair and you have multiple entries per class or category qualified. If you do not decide, 4-H staff will select the items to be taken for state fair on your behalf.

The **County Fair class information is in green** and the **State Fair class information is in orange** to help you easily determine the different requirements for your static exhibits. Further directions for your exhibit requirements are outlined at the beginning of each category section and in your project resource books and materials. ART

Art has two divisions (original and non-original) based on whether the entry is entirely original or includes components that have been designed or created by others. In both divisions, the member will be expected to create their work by applying the elements and principles of design.

Members may enter up to four classes in the Original Art division and up to four classes in the Non-original Art division. Members may enter no more than one entry per class number in non-original art, and no more than two entries per class number in original art. Senior and Intermediate members may also enter one exhibit in the Celebrate our World class. To understand the difference between original and non-original art, please see the Original or Non-original Art Guide.

Artwork may not be framed with the exception of work done with chalks, charcoals, or pastels. If work done with chalks, charcoals or pastels is framed, light weight frames with plastic rather than glass should be used for protection during display. No glass is allowed.

Artwork is to be mounted for display, including jewelry. All jewelry exhibits must be mounted in some way to a board or fabric covered board for display. Matting, spray fixatives and/or over wrap with plastic are acceptable for protection of the artwork. If an item is meant to hang, a hanger that will support the weight of the item must be securely attached. Adhesive plastic hangers are encouraged to protect other artwork. Two adhesive hangers per hanging art piece is suggested. Hangers are available through county Extension office for \$0.25 cents each.

All items made from clay (except modeling clay) must be exhibited in the Ceramics and Pottery division.

All work done on an item that is wearable clothing or accessory must be exhibited in a Wearable Art category.

Exhibits should not contain parts that expose the public or volunteers to injury (i.e. sharp edges or points.)

Exhibits are entered and displayed at the risk of the exhibitor; see General 4-H Information – Eligibility.

In addition to the exhibit tag, each piece of an exhibit must be labeled on the back or bottom with the member's name, county, and exhibit class number. Exhibits that have more than one piece need to be tied together or connected together in some way so the pieces can be considered as one exhibit.

For art projects to qualify for judging, a fully completed 4-H Expressive Arts Exhibit Explanation card (231-02). Exhibits for the Celebrate our World class must also include the Celebrate our World Explanation Card (998-03). These forms take the place of interview judging, so be as thoughtful and comprehensive as possible when sharing the required information.

Exhibits will be evaluated using the judging criteria outlined on the Art Project Evaluation sheet (231-02) or the Innovation Class Evaluation sheet (998-02). All forms are available at the county Extension office and at the State 4-H website.

Public display of exhibits will be at the discretion of 4-H management.

Table Setting is open to any junior, intermediate or senior 4-H member. (Cloverbud members will be able to set up their display in the Cloverbud section for exhibit only.) Members must be selected by a county determined process. Participants must pre-register for a judging time slot.

No food is prepared for this contest.

General Guidelines:

- Contestants will have 15 minutes to set up their display.
- The judge will interview contestants after the display is set up. A maximum of 10 minutes will be allotted for the interview.
- A table will be provided with a marked space of 18" deep x 25" wide for the place setting. The contestant must bring all other supplies.
- Select a theme. The table setting may be for a breakfast, lunch or dinner and may range from a picnic to a formal meal.
- Plan a well-balanced menu, appropriate for your skill level and the chosen theme. The menu must be typed or neatly printed on a card approximately 5"x7". Please use a font size of around 18. The menu card may be incorporated into the display/theme. Be creative! Foods must be listed in the order they will be served. All items on your menu should be dishes you are able to prepare yourself.
- Plan an attractive table setting for one person. The setting should include a tablecloth and/or placemat, dishes, tableware, glassware, and napkin. All should be appropriate for the theme and the menu being served. Paper plates, plastic ware, and paper napkins may be used for casual themes. Centerpieces are acceptable if appropriate.
- Only utensils necessary for the meal should be placed on the table.

2019 Celebrate our World: Greece

To celebrate the diversity in our world, each year the Oregon 4-H project areas will focus attention on the cultures of a different country or region of the world. This special emphasis allows members to focus on learning about the country/region and the skills and techniques unique to that culture. The exhibit is to be inspired by the country of celebration. The Celebrate our World Explanation Card (998-03) is to be completely and thoughtfully completed and securely attached to the exhibit.
