

COVID-19 Prevention in Parks

Wash your hands often with soap and water.

Avoid touching your eyes, nose and mouth.

Avoid contact with sick people and stay home if you're sick.

Cover your mouth and nose with a tissue or sleeve when coughing or sneezing.

Be Prepared. Have own soap, disinfectant wipes or sanitizer if at public facility.

Practice Social Distancing. Stay 6 ft apart.

A good portion of your safety relies on you, since any public facility is only as clean as the last person who touched it.

Use all our facilities with caution and at your own risk.
